On January 8, 2007 BASD filed an appeal with the FCC for all of the ERate applications filed for the 2006-2007 school year. In March 2007 BASD received approval from the FCC and the issue was remanded to the USAC/SLD. BASD worked with USAC/SLD subsequent to the March 2007 remand. Information was sent to the USAC/SLD regarding this FRN.

On 9/14/2007 BASD received approval from the USAC/SLD for all of the services included in the remand except FRN1468898. The USAC/SLD indicates that this FRN was not part of the remand from the FCC, even though the FRN was included in their correspondence and BASD answered questions regarding FRN 1468898. I would ask that the FCC approve funding for FRN 1468898. It is for Internet service for the school district. Please note the attached letter of appeal that was sent to you in January of 2007.

Attached is the original FCC appeal letter dated January 8, 1007, and the email attachment for the March 2007 remand which includes this FRN.

I thank you in advance for your attention to this request.

Sincerely,

Robin L. Lutchter, Director of Information Technologies

This letter is to appeal the recent decision of the SLD to deny funding on the above application. Attached is the letter from the SLD and the paperwork sent to the SLD when that appeal was processed.

The denial from the SLD states that information was not sent in within the required time frame. Please note the following facts:

- 1) We acknowledged receipt of the information via telephone on April 24, 2006.
- 2) On May 22, 2006 we requested an extension via telephone. This request was granted verbally at that time. The extension was requested due to the following reasons:
  - a. The final budget for the 2006-2007 school year would not be available until June 30, 2006
  - b. The technology office had been under construction and we were in temporary offices. We were scheduled to move back into our offices in late May/early June and some of the documents were stored in boxes.

During the application process for FORM 470 and FORM 471, all deadlines were met and regulations adhered to. The request for an extension was made in good faith and with the intent of complying with the request of the SLD. The documents were not submitted to the SLD because I had received an affirmative response to my verbal request.

The attached documents support the above application. I request that the FCC please approve funding for this application and thank you in advance for your consideration of this request.

Sincerely,

Robin L. Lutchner
